

Bookfd2: Barbie and Skipper Carry Case

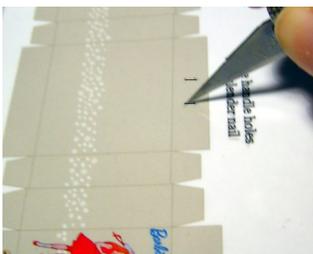

Required tools and supplies:

- X-acto knife and fresh blade(s)
- A thin metal straightedge ruler and 2 small vise grips. Make fold lines by pressing against edge of the ruler.
- Tweezers and detailing scissors
- Good cutting mat (cardboard will ruin your blades **and** project)
- Fast-grab, quick-dry white craft glue that dries clear
- Small piece of aluminum foil to use as a glue pot
- Black leatherette or plastic for carry handle and a velcro dot.

1. Before cutting the case, take sandpaper and vigorously scuff the tabs.

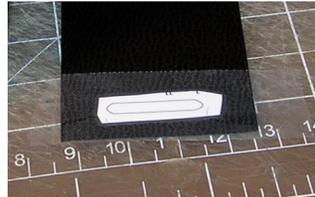

2. Use a blade tool to cut handle slits.

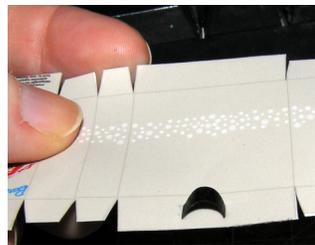

3. Use folding gizmo to make perfect creases. **DO NOT MAKE CREASES BY HAND!** There is a tutorial on-line at <http://www.paperminis.com/tutorial-library/need-to-know-tutorials.htm> Pick "Ann's Tool Box" to see how to make this gizmo and other tips.

4. Here are how the cut out pieces should look.

5. Tape down handle pattern on leatherette and cut out.

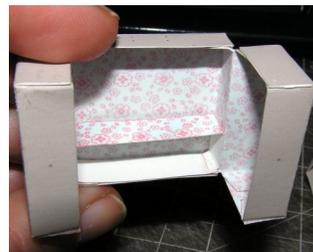

6. Poke handle ends through slits.

7. Glue ends on the inside of the case using bonding glue. Press bond with tweezers.

8. Create case shape as shown here. Use tweezers to hold bond.

14. Repeat the previous steps for the single-drawer frame. Glue the single-drawer frame into place. Note: do not over work the hinged seams. Case is designed to be displayed open.

15. Fold the doll separator and glue into place in the left compartment. Make sure to test the size before gluing into place.

16. Fold doll inserts and place into their compartments.

17. Place velcro dots at dots found at opening of case.

Bookfd2: Homage to Barbie, The Barbie Game--Queen of The Prom

Required tools and supplies:

- X-acto knife and fresh blade(s)
- A thin metal straightedge ruler. Make fold lines by pressing against edge of the ruler.
- Detailing scissors and tweezers
- Good cutting mat (cardboard will ruin your blades *and* project)
- Acid-free glue stick
- Fast-grab, quick-dry white craft glue that dries clear
- Small piece of aluminum foil to use as a glue pot
- Artist brush to brush glue on surfaces

1. Cut box top and bottom. Fold to make box shape. Use the straightedge ruler to make perfect folds.

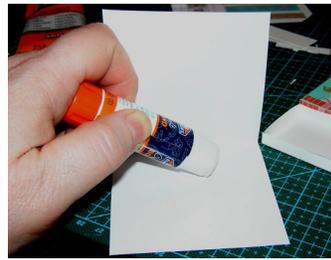

2. Paint glue to corner tabs. Use tweezers to hold bond.

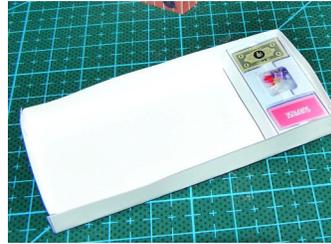

3. Carefully cut and fold game board in half.

4. Use an acid-free glue stick to glue blank sides together of the game board.

5. Cut and fold box insert 1 as shown and place in box.

6. Cut and zig-zag fold box insert 2 as shown.

7. Place box insert 1 as shown. You can glue inserts in place if you prefer.

8. Cut play money.

9. Cut out playing cards and fold as shown here. This method really streamlines the process and makes it easier to handle the tiny cards.

10. Use the glue stick to glue blank sides together of the playing cards panels.

11. Cut the cards apart. Cards and money can be staged in the box as well as around the board.
