

## bookfts7 & 8 ~ Thanksgiving Dinner Table Setting (1:12 dollhouse scale)

### Required tools and supplies:

- X-acto knife and fresh blade
- A thin metal straightedge ruler. Make fold lines by pressing against edge of the ruler.
- Small detailing scissors
- Good cutting mat. No cardboard, for it will ruin your project.
- Fast-grab, quick-dry white craft glue that dries clear
- An acid-free glue stick
- Small piece of aluminum foil to use as a glue pot
- Slender artist's paintbrush to apply glue
- 3 flat toothpicks

Products in tutorial may look different from yours, but are constructed identically to yours.

### Teepee and Figures

1. Cut and fold teepee as shown. Slice at the dotted lines at teepee opening. Fold back door flaps.
2. Place a couple dots of glue along the three seams. Carefully place the toothpicks, large ends at bottom, and allow to dry.

3. Over-lap the two top blue panels at door and glue in place.

4. Cut figures as shown. If you would like to learn how to cut in tight little places, view the tutorial at the following link (no spaces, no Enters, include hyphens): <http://www.paperminis.com/tutorial-library/need-to-know-tutorials/tutorial-cutting-tight-spots.htm>

5. Fold the grassy bottom flaps upward for stands.

### Party Cup

1. Roll cup around a dowel like a pencil to create a natural curve.
2. Fold tabs along bottom of cup. Try to make their folds all on the same plane.
3. Glue side tab.
4. Push bottom tabs flat or into cup, then glue to cup bottom.

### Plate Embossing

1. The optimum desired tools are: a 1" paper punch, a 3/4" paper punch, a 1" plate embosser, and a 3/4" plate embosser. See the PaperMinis.com website for source. Otherwise, use scissors to cut and follow below...

2. The key to plate embossing is to find a medicine bottle or other item with a lid that is the appropriate size for the inner plate ridge of the plate. I have been known to use a seed bead tube, cleaned lip balm casing, cut and cleaned toothpaste cap and tube, etc. Cover with plastic cling wrap if item is greasy or sticky. The example is for 1:3 scale (girl doll).

3. Place the plate face down on the bottle opening. Center it as well as possible, then use your finger to make an indent. This will help you keep the piece centered.

4. Now press your fitted piece on top of the plate and systematically press it down until the lip of the plate is evenly embossed.
5. A 1:12 scale version works well with an Anbesol bottle and the tube cover of a lipstick.

### Pitcher

1. Cut out pieces and roll the body of the pitcher on a cylinder like a pencil.

Next page

- Carefully fold inward the tabs found along the bottom.
- Paint glue to the long side tab and press firmly to create the cylinder body.

- Glue disk to bottom of pitcher. Press down on table surface to keep the pitcher bottom flat.

- Take the spout and fold the tabs downward. Notice the spout has been creased slightly.

- Glue end on spout piece to line to complete the circle.

- Paint glue to 3 tabs on spout piece, as well as around the opening of the pitcher's body. Firmly position the spout on pitcher's body, making certain the seams are to the back.

- Create an 'S' shape with the handle.

- Glue end of 'S' to outside of pitcher's spout. Allow it to dry thoroughly.

- Glue the other end of the handle to the bottom of the pitcher's body.

## bookfts7 & 8 ~ Christmas Dinner Party Table Setting (1:12 dollhouse scale)

### Required tools and supplies:

- X-acto knife and fresh blade
- A thin metal straightedge ruler. Make fold lines by pressing against edge of the ruler.
- Small detailing scissors
- Good cutting mat. No cardboard, for it will ruin your project.
- Fast-grab, quick-dry white craft glue that dries clear
- An acid-free glue stick
- Small piece of aluminum foil to use as a glue pot
- Slender artist's paintbrush to apply glue

Products in tutorial may look different from yours, but are constructed identically to yours. You can print these tutorial pages. However, leaving the tutorial on your screen allows you to zoom in closely on the photos.

### Christmas Tree and Gifts and Center-piece

1. Cut all pieces. Fold box to create box shape and paint glue to side tab and press to inside box surface. Allow to dry
2. Glue shut the tabs found on each end. Gifts in photo were stacked random-looking and glued to each other.
3. Roll the tree and get a good curl. Glue edge to size that is appropriate for your table.

### Party Cup

1. Roll cup around a dowel like a pencil to create a natural curve. The cap on the glue bottle is the perfect size for shaping the cups.

2. Fold tabs along bottom of cup. Try to make their folds all on the same plane.
3. Glue side tab.
4. Push bottom tabs flat or into cup, then glue to cup bottom.

### Plate Embossing

1. The optimum desired tools are: a 1" paper punch, a 3/4" paper punch, a 1" plate embosser, and a 3/4" plate embosser. See the PaperMinis.com website for source.

Here is a sample of a paper punch with window for a perfectly aligned cut. I have added a little bit extra colored rim in case you are not able to cut or punch perfectly.

Here is a sample of a plate maker/embosser which easily makes a perfectly ridged border.

If you don't have a punch and/or embosser, then use scissors to cut and...

2. The key to plate embossing is to find a medicine bottle or other item with a lid that is the appropriate size for the inner plate ridge of the plate. I have been known to use a seed bead tube, cleaned lip balm casing, cut and cleaned toothpaste cap and tube, etc. Cover with plastic cling wrap if item is greasy or sticky. Example is for 1:3 scale.

3. Place the plate face down on the bottle opening. Center it as well as possible, then use your finger to make an indent. This will help you keep the piece centered.

4. Now press your fitted piece on top of the plate and systematically press it down until the lip of the plate is evenly embossed.
5. A 1:12 scale version works well with an Anbesol bottle and the tube cover of a lipstick.

### Place Cards

1. Loosely cut out tree top to the point of the card front.
2. Fold in half and stand up.

### Party Horn and Hat

1. Roll horn on something round to get a natural curve.
2. Create cone shape and glue edge with painted craft glue.

### Pitcher

1. Cut out pieces and roll the body of the pitcher on a cylinder like a pencil.
2. Carefully fold inward the tabs found along the bottom.

3. Paint glue to the long side tab and press firmly to create the cylinder body.

4. Glue disk to bottom of pitcher. Press down on table surface to keep the pitcher bottom flat.

5. Take the spout and fold the tabs downward. Notice the spout has been creased slightly.

6. Glue end on spout piece to line to complete the circle.

7. Paint glue to 3 tabs on spout piece, as well as around the opening of the pitcher's body. Firmly position the spout on pitcher's body, making certain the seams are to the back.

8. Create an 'S' shape with the handle.

9. Glue end of 'S' to outside of pitcher's spout. Allow it to dry thoroughly.

10. Glue the other end of the handle to the bottom of the pitcher's body.
